Management Internships

The internship program is an excellent partnership between the Career Services Office, the College, and the corporate community. It allows you to gain valuable experience in an industry or functional area, including the application of advanced business skills learned in the program. It also rounds out your education and can make you more desirable to companies upon your graduation.

All of the information you may need should be included in the pages that are linked to the right. If there is additional information that you may need, please call either the department office at (817) 272-3794 or Career Services at (817) 272-2932.
